Dear Shareholders,

2022 shaped up to be an interesting year for the world and for our fund. In it we experienced war, inflation, Federal Reserve Rate hikes, a deterioration of the relationship between some world powers, notably, the United States, Russia, and China, and of course a recession that wasn't called a recession. R Cubed Global Capital may not have hit the exact high in the market to launch Global Dividend Growth (GDVD) on the New York Stock Exchange, but March 30, 2022 was pretty close.

The Portfolio Manager Cliff Remily likes to point out that we are fundamental, bottoms up stock pickers, benchmark aware, but not benchmark driven. The manager uses proprietary screening developed over many years and then applies fundamental analysis of stocks that pass through the screen to create the portfolio. The fund ended the 11 month period from March 30, 2022 (our inception) until February 28, 2023 down 6.90%. By comparison, our chosen benchmark MSCI World Value was down 3.76% over the same period and the broader MSCI World Index was down 9.81% over the same period. Since GDVD does not invest 100% of its assets in high dividend paying stocks and traditional value but allots a portion to positions more closely associated with either Core or Growth, it is not unusual for us to straddle the two indexes.

GDVD paid out 100% of dividends collected after management fees. There was no specified level of distributions to shareholders.

There was no inconsistency with the stated objectives or investment strategy detailed in the fund's prospectus during the period discussed.

Sincerely,

John C Roche Chief Executive Officer

R3 Global Dividend Growth ETF PORTFOLIO REVIEW (Unaudited) February 28, 2023

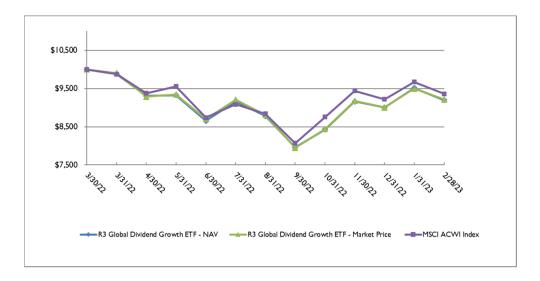

The Fund's performance figures* for the period February 28, 2023, as compared to its benchmark:

	Since Inception** -
	February 28, 2023
R3 Global Dividend Growth ETF - NAV	(8.03)%
R3 Global Dividend Growth ETF - Market Price	(7.83)%
MSCI ACWI Index ***	(6.35)%

The Fund's past performance does not guarantee future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when sold, may be worth more or less than their original cost. The returns shown do not reflect the deduction of taxes a shareholder would pay on Fund distributions or on the sale of Fund shares. Current performance of the Fund may be lower or higher than the performance quoted. Performance data current to the most recent month end may be obtained by visiting www.R3ETFs.com or by calling I-833-275-7342.

The Fund's per share net asset value ("NAV") is the value of one share of the Fund as calculated in accordance with the standard formula for valuing shares. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market return ("Market Price") is determined by using market price or bid/ask as of the market close on the primary stock exchange on which shares of the Fund are listed for trading, as of the time that the Fund's NAV is calculated. Total returns are calculated with the traded NAV on February 28, 2023. Market and NAV returns assume that dividends and capital gain distributions have been reinvested in the Fund at Market Price and NAV, respectively. Information detailing the number of days the Market Price of the Fund was greater than the Fund's NAV and the number of days it was less than the Fund's NAV can be obtained at www.R3ETFs.com. The Fund's total annual operating expenses are 0.88% per the March 26, 2022 prospectus. Please see the Financial Highlights for a more recent expense ratio.

- ** Commencement of operations was March 30, 2022.
- *** The MSCI ACWI represent the performance of the full opportunity set of large- and mid-cap stocks across 23 developed and 24 emerging markets. Investors cannot invest directly in an index, and unlike the Fund, returns do not reflect any fees, expenses or sales charges.

(1) Per share amounts calculated using the average shares method, which more appropriately presents the per share data for the period.

(2) Total return is calculated assuming a purchase of shares at net asset value on the first day and a sale at net asset value on the last day of the period. Distributions are assumed, for the purpose of this calculation, to be reinvested on the ex-dividend date at net asset value per share on their respective payment dates.

(3) Portfolio turnover rate excludes portfolio securities received or delivered as a result of processing capital share transactions in Creation Units.

(4) Annualized for periods less than one year.

(5) Not annualized for periods less than one year.

(6) Includes adjustments in accordance with accounting principles generally accepted in the United States of America and, consequently, the net asset value for financial reporting purposes and the returns based upon those net asset values may differ from the net asset values and returns for shareholder transactions.

I. ORGANIZATION

The R3 Global Dividend Growth ETF (the "Fund") is a diversified series of shares of beneficial interest of Northern Lights Fund Trust IV (the "Trust"), a trust organized under the laws of the State of Delaware on June 2, 2015, and registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Fund's investment objective is to seek current income and long-term growth of income and capital appreciation. The Fund commenced operations on March 30, 2022.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Fund in preparation of its financial statements. These policies are in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses for the period. Actual results could differ from those estimates. Bank Overdraft liabilities shown on the Statement of Assets and Liabilities are carried at cost and approximate fair value as of February 28, 2023 using level 2 inputs. The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946 "Financial Services – Investment Companies".

Securities valuation – Securities listed on an exchange are valued at the last reported sale price at the close of the regular trading session of the exchange on the business day the value is being determined, or in the case of securities listed on NASDAQ, at the NASDAQ Official Closing Price ("NOCP"). In the absence of a sale, such securities shall be valued at the mean between the current bid and ask prices on the day of valuation. Exchange traded futures are valued at the final settle price or, in the absence of a sale price, at the mean between the current bid and ask prices on the day of valuations having 60 days or less remaining until maturity, at time of purchase, may be valued at amortized cost.

The Fund may hold securities, such as private investments, interests in commodity pools, other nontraded securities or temporarily illiquid securities, for which market quotations are not readily available or are determined to be unreliable. These securities will be valued using the "fair value" procedures approved by the Trust's Board of Trustees (the "Board"). The Board has delegated execution of these procedures to a fair value committee composed of one or more representatives from each of the (i) Trust, (ii) administrator, and (iii) adviser. The committee may also enlist third party consultants such as a valuation specialist at a public accounting firm, valuation consultant, or financial officer of a security issuer on an as-needed basis to assist in determining a security-specific fair value. The Board reviews and ratifies the execution of this process and the resultant fair value prices at least quarterly to assure the process produces reliable results.

Fair Valuation Process - As noted above, the fair value committee is composed of one or more representatives from each of the (i) Trust, (ii) administrator, and (iii) adviser. The applicable investments are valued collectively via inputs from each of these groups. For example, fair value determinations are required for the following securities: (i) securities for which market quotations are insufficient or not readily available on a particular business day (including securities for which there is a short and temporary lapse in the provision of a price by the regular pricing source); (ii) securities for

February 28, 2023

which, in the judgment of the adviser, the prices or values available do not represent the fair value of the instrument. Factors which may cause the adviser to make such a judgment include, but are not limited to, the following: only a bid price or an asked price is available; the spread between bid and asked prices is substantial; the frequency of sales; the thinness of the market; the size of reported trades; and actions of the securities markets, such as the suspension or limitation of trading; (iii) securities determined to be illiquid; and (iv) securities with respect to which an event that will affect the value thereof has occurred (a "significant event") since the closing prices were established on the principal exchange on which they are traded, but prior to the Fund's calculation of its net asset value. Restricted or illiquid securities, such as private investments or non-traded securities are valued via inputs from the adviser based upon the current bid for the security from two or more independent dealers or other parties reasonably familiar with the facts and circumstances of the security (who should take into consideration all relevant factors as may be appropriate under the circumstances). If the adviser is unable to obtain a current bid from such independent dealers or other independent parties, the fair value committee shall determine the fair value of such security using the following factors: (i) the type of security; (ii) the cost at date of purchase; (iii) the size and nature of the Fund's holdings; (iv) the discount from market value of unrestricted securities of the same class at the time of purchase and subsequent thereto; (v) information as to any transactions or offers with respect to the security; (vi) the nature and duration of restrictions on disposition of the security and the existence of any registration rights; (vii) how the yield of the security compares to similar securities of companies of similar or equal creditworthiness; (viii) the level of recent trades of similar or comparable securities; (ix) the liquidity characteristics of the security; (x) current market conditions; and (xi) the market value of any securities into which the security is convertible or exchangeable.

The Fund utilizes various methods to measure the fair value of their investments on a recurring basis. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of input are:

Level I – Unadjusted quoted prices in active markets for identical assets and liabilities that the Fund has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level I that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument in an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

February 28, 2023

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The following table summarizes the inputs used as of February 28, 2023, for the Fund's assets and liabilities measured at fair value:

Assets		Level I	Level I Level 2		Level 3		Total	
Investments								
Common Stocks *	\$	6,510,575	\$	-	\$	-	\$	6,510,575
Total Investments	\$	6,510,575	\$	-	\$	-	\$	6,510,575

The Fund did not hold any Level 3 securities during the period.

* See Schedule of Investments for industry classification.

Dividends and Distributions to Shareholders – Dividends from net investment income, if any, are declared and paid quarterly. Distributable net realized capital gains, if any, are declared and distributed annually. Dividends from net investment income and distributions from net realized gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These "book/tax" differences are considered either temporary (e.g., deferred losses) or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the composition of net assets based on their federal tax-basis treatment; temporary differences do not require reclassification. Monthly distributions in excess of ordinary taxable income are treated as returns of capital. Dividends and distributions to shareholders are recorded on the ex-dividend date.

Security Transactions and Related Income – Security transactions are accounted for on the trade date. Interest income is recognized on an accrual basis. Discounts are accreted and premiums are amortized on securities purchased over the lives of the respective securities or until call date. Dividend income is recorded on the ex-dividend date. Realized gains or losses from sales of securities are determined by comparing the identified cost of the security lot sold with the net sales proceeds. Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and rates.

Federal Income Taxes – The Fund intends to continue to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its taxable income to its shareholders. Therefore, no provision for federal income tax is required. The Fund recognizes the tax benefits of uncertain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities. Management has analyzed the Fund's tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns expected to be taken in the Fund's February 28, 2023 year-end tax returns. The Fund identifies its major tax jurisdictions as U.S. federal, Ohio and foreign jurisdictions where the Fund makes significant investments. The Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

Foreign Currency – The accounting records of the Fund are maintained in U.S. dollars. Investment securities and other assets and liabilities denominated in a foreign currency, and income receipts and

expense payments are translated into U.S. dollars using the prevailing exchange rate at the London market close. Purchases and sales of securities are translated into U.S. dollars at the contractual currency rates established at the approximate time of the trade. Net realized gains and losses on foreign currency transactions represent net gains and losses from currency realized between the trade and settlement dates on securities transactions, gains and losses on the purchase and sale of foreign currencies and the difference between income accrued versus income received. The effects of changes in foreign currency exchange rates on investments in securities are included with the net realized and unrealized gain or loss on investment securities.

Expenses – Expenses of the Trust that are directly identifiable to a specific Fund are charged to that Fund. Expenses, which are not readily identifiable to a specific Fund, are allocated in such a manner as deemed equitable, taking into consideration the nature and type of expense and the relative sizes of the Funds in the Trust.

Indemnification – The Trust indemnifies its officers and Trustees for certain liabilities that may arise from the performance of their duties to the Trust. Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of representations and warranties and which provide general indemnities. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. However, based on experience, the risk of loss due to these warranties and indemnities appears to be remote.

3. INVESTMENT TRANSACTIONS

For the period ended February 28, 2023, cost of purchases and proceeds from sales of portfolio securities (excluding in-kind transactions and short-term investments), amounted to \$2,031,364 and \$1,604,819, respectively.

For the period ended February 28, 2023, cost of purchases and proceeds from sales of portfolio securities for in-kind transactions amounted to \$6,305,687 and \$0, respectively.

4. INVESTMENT ADVISORY AGREEMENT AND TRANSACTIONS WITH RELATED PARTIES

The business activities of the Fund are overseen by the Board, which is responsible for the overall management of the Fund. R Cubed Global Capital LLC (the "Advisor") serves as the Fund's investment advisor pursuant to an investment advisory agreement with the Trust on behalf of the Fund (the "Advisory Agreement"). The Trust has entered into a Global Custody Agreement with Brown Brothers Harriman & Co. to serve as custodian and to act as transfer and shareholder services agent. The Trust has also entered into an ETF Distribution Agreement (the "Distribution Agreement") with Northern Lights Distributors, LLC ("NLD" or the "Distributor") to serve as the principal underwriter and distributor for the Fund.

Pursuant to the Advisory Agreement, the Advisor, under the oversight of the Board, directs the daily operations of the Fund and supervises the performance of administrative and professional services provided by others. As compensation for its services and the related expenses borne by the Advisor,

February 28, 2023

the Fund pays the Advisor a unitary advisory fee, computed and accrued daily and paid monthly, at an annual rate of 0.88% of the Fund's average daily net assets. During the period ended February 28, 2023, the Fund paid \$38,892 in advisory fees.

The Advisor's unitary advisory fee is designed to pay the Fund's expenses and to compensate the Advisor for providing services for the Fund. Out of the unitary advisory fee, the Advisor pays substantially all expenses of the Fund, including the costs of transfer agency, custody, fund administration, legal, audit and other services and Independent Trustees' fees, except for payment of advisory fees, any front-end or contingent deferred loads, brokerage fees and commissions, any Rule 12b-I fees, acquired fund fees and expenses, fees and expenses associated with investments in other collective investment vehicles or derivative instruments (including for example option and swap fees and expenses), borrowing costs (such as interest and dividend expense on securities sold short), taxes, and extraordinary expenses, such as litigation expenses (which may include indemnification of Fund officers and Trustees, contractual indemnification of Fund service providers (other than the Advisor)). The Advisor, and not the Fund's shareholders, would benefit from any reduction in fees paid for third-party services, including reductions based on increases in net assets.

The Trust, with respect to the Fund, has adopted a distribution and service plan ("Plan") pursuant to Rule 12b-1 under the 1940 Act. Under the Plan, the Fund is authorized to pay distribution fees to the Distributor and other firms that provide distribution and shareholder services ("Service Providers"). If a Service Provider provides these services, the Fund may pay fees at an annual rate not to exceed 0.25% of average daily net assets, pursuant to Rule 12b-1 under the 1940 Act. No distribution or service fees are currently paid by the Fund and there are no current plans to impose these fees. In the event Rule 12b-1 fees were charged, over time they would increase the cost of an investment in the Fund.

<u>Ultimus Fund Solutions, LLC ("UFS"</u> – UFS, an affiliate of the Distributor, provides administration and fund accounting services to the Fund. Pursuant to a separate servicing agreement with UFS, the Advisor, on behalf of the Fund, pays UFS customary fees for providing administration and fund accounting services to the Fund. Certain officers of the Trust are also officers of UFS, and are not paid any fees directly by the Trust for serving in such capacities.

<u>Northern Lights Compliance Services, LLC ("NLCS")</u> - NLCS, an affiliate of UFS and the Distributor, provides a Chief Compliance Officer to the Trust, as well as related compliance services, pursuant to a consulting agreement between NLCS and the Trust. Under the terms of such agreement, NLCS receives customary fees from the Fund.

<u>Blu Giant, LLC ("Blu Giant"</u>) – Blu Giant, an affiliate of UFS and the Distributor, provides EDGAR conversion and filing services as well as print management services for the Fund on an ad-hoc basis. For the provision of these services, Blu Giant receives customary fees from the Advisor, on behalf of the Fund.

February 28, 2023

5. CAPITAL SHARE TRANSACTIONS

Shares are not individually redeemable and may be redeemed by the Fund at NAV only in large blocks known as "Creation Units." Shares are created and redeemed by the Fund only in Creation Unit size aggregations of 25,000 shares. Only Authorized Participants are permitted to purchase or redeem Creation Units from the Fund. An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a Depository Trust Company participant and, in each case, must have executed a Participant Agreement with the distributor. Such transactions are generally permitted on an in-kind basis, with a balancing cash component to equate the transaction to the NAV per share of the Fund on the transaction date. Cash may be substituted equivalent to the value of certain securities generally when they are not available in sufficient quantity for delivery, not eligible for trading by the Authorized Participant or as a result of other market circumstances. In addition, the Fund may impose transaction fees on purchases and redemptions of Fund shares to cover the custodial and other costs incurred by the Fund in effecting trades. A fixed fee payable to the custodian may be imposed on each creation and redemption transaction regardless of the number of Creation Units involved in the transaction ("Fixed Fee"). Purchases and redemptions of Creation Units for cash or involving cash-inlieu are required to pay an additional variable charge to compensate the Fund and its ongoing shareholders for brokerage and market impact expenses relating to Creation Unit transactions ("Variable Charge," and together with the Fixed Fee, the "Transaction Fees"). Transaction Fees may be used to cover the custodial and other costs incurred by the Fund.

The Transaction Fees for the Fund are listed in the table below:

Fixed Fee	Variable Charge
\$300	2.00%*

* The maximum Transaction Fee may be up to 2.00% of the amount invested.

6. AGGREGATE UNREALIZED APPRECIATION AND DEPRECIATION – TAX BASIS

The identified cost of investments in securities owned by the Funds for federal income tax purposes and its respective gross unrealized appreciation and depreciation at February 28, 2023, were as follows:

	Gross Unrealized	Gross Unrealized	Net Unrealized
Tax Cost	Appreciation	(Depreciation)	(Depreciation)
\$ 6,623,159	\$ 279,659	\$ (392,243)	\$ (112,584)

February 28, 2023

7. DISTRIBUTIONS TO SHAREHOLDERS AND TAX COMPONENTS OF CAPITAL

The tax character of fund distributions paid for the year ended February 28, 2023 was as follows:

	Fisc	al Year Ended	Fiscal	Year Ended
	February 28, 2023		Februa	ary 28, 2022
Ordinary Income	\$	72,295	\$	-
	\$	72,295	\$	-

The difference between ordinary distributions paid from book and ordinary distributions paid from tax relates to allowable foreign tax credits of \$3,745 for the year ended February 28, 2023 which have been passed through to the Fund's underlying shareholders and are deemed dividends for tax purposes.

As of February 28, 2023, the components of accumulated earnings/ (deficit) on a tax basis were as follows:

Undistributed	Undistributed	Post October Loss	Capital Loss	Other	Unrealized	Total
Ordinary	Long-Term	and	Carry	Book/Tax	Appreciation/	Distributable Earnings/
Income	Gains	Late Year Loss	Forwards	Differences	(Depreciation)	(Accumulated Deficit)
\$ -	\$-	\$ (35,259)	\$ (94,640)	\$-	\$(109,355)	\$ (239,254)

The difference between book basis and tax basis accumulated net realized losses and unrealized depreciation from investments is primarily attributable to the tax deferral of losses on wash sales.

Capital losses incurred after October 31 within the fiscal year are deemed to arise on the first business day of the following fiscal year for tax purposes. The Fund incurred and elected to defer such capital losses of \$35,259.

At February 28, 2023, the Fund had capital loss carry forwards for federal income tax purposes available to offset future capital gains as follows:

					С	LCF	
Sho	ort-Term	Long	g-Term	 Total	Ut	ilized	
\$	94,640	\$	-	\$ 94,640	\$	-	

Permanent book and tax differences, primarily attributable to the book/tax basis treatment of distributions in excess resulted in reclassifications for the Fund for the fiscal year ended February 28th, 2023, as follows:

Pa	id In	Accumulated		
Ca	pital	Deficit		
\$	(89)	\$	89	

February 28, 2023

8. SUBSEQUENT EVENTS

Subsequent events after the date of the Statement of Assets and Liabilities have been evaluated through the date the financial statements were issued.

Management has determined that no events or transactions occurred requiring adjustment or disclosure in the financial statements, other than the following:

Distributions: The Board declared the following distributions after February 28, 2023:

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Trustees of Northern Lights Fund Trust IV and the Shareholders of R3 Global Dividend Growth ETF

Opinion on the Financial Statements and Financial Highlights

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of R3 Global Dividend Growth ETF, one of the funds constituting the Northern Lights Fund Trust IV (the "Fund"), as of February 28, 2023, the related statements of operations, changes in net assets, and financial highlights for the period from March 30, 2022 (commencement of operations) through February 28, 2023, and the related notes. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund as of February 28, 2023, and the results of its operations, changes in its net assets, and the financial highlights for the period from March 30, 2022 (commencement of operations, changes in its net assets, and the financial highlights for the period from March 30, 2022 (commencement of operations) through February 28, 2023 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. Our procedures included confirmation of securities owned as of February 28, 2023, by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

R3 Global Dividend Growth ETF EXPENSE EXAMPLE (Unaudited) February 28, 2023

As a shareholder of the Fund, you incur ongoing costs, including management fees and other Fund expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other exchange traded funds. This example does not take into account transaction costs, such as brokerage commissions that you may pay on your purchases and sales of shares of the Fund.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from September 1, 2022 through February 28, 2023.

Actual Expenses

The "Actual" line in the table below provides information about actual account values and actual expenses. You may use the information below, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by 1,000 (for example, an 8,600 account value divided by 1,000 = 8.6), then multiply the result by the number in the table under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The "Hypothetical" line in the table below provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balances or expenses you paid for the period. You may use this information to compare this 5% hypothetical examples that appear in the shareholder reports of other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs. Therefore, the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

	E	Beginning		Ending	Expe	nses Paid	Expenses Ratio
	Acc	ount Value	Acc	ount Value	Durin	g Period**	During Period**
Actual *	\$	1,000.00	\$	1,049.10	\$	4.47	0.88%
Hypothetical *							
(5% return before expenses)	\$	00.00, ا	\$	1,020.43	\$	4.41	0.88%

*"Expenses are equal to the average account value over the period, multiplied by the Fund's annualized expense ratio, multiplied by the number of days in the period ended February 28, 2023 (181) divided by the number of days in the fiscal year (365). ** Annualized.
